Claim Objections

Applicant's amendment has obviated the previous objections therefore the previous objections have been withdrawn.

Claim Rejections - 35 USC § 112

Applicant's amendment has obviated the previous rejections therefore the previous rejections have been withdrawn.

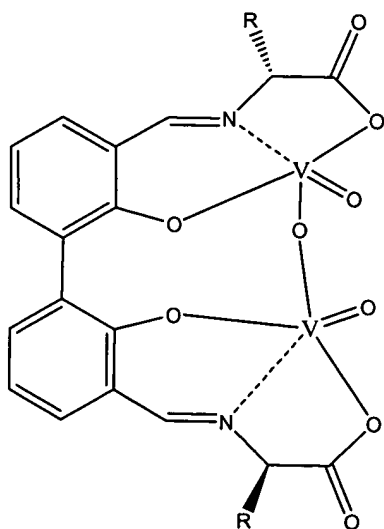

Allowable Subject Matter

Claims 1-14 are allowed.

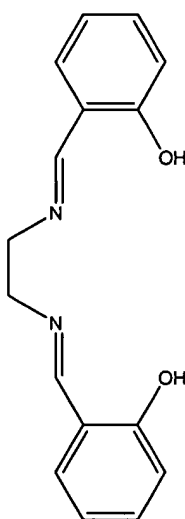

The following is an examiner's statement of reasons for allowance:

Under further consideration of the prior art previously cited, the examiner would like to point out that the structure claimed by applicant is not the same or an obvious variant of that cited by the examiner previously, therefore the previous rejections have been withdrawn.

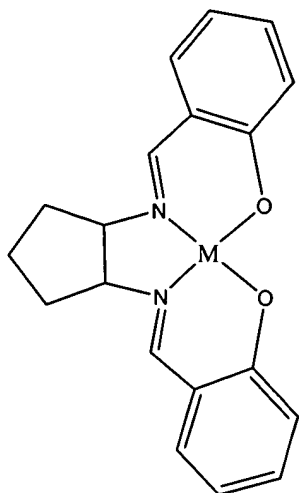

Applicant's claimed structure:

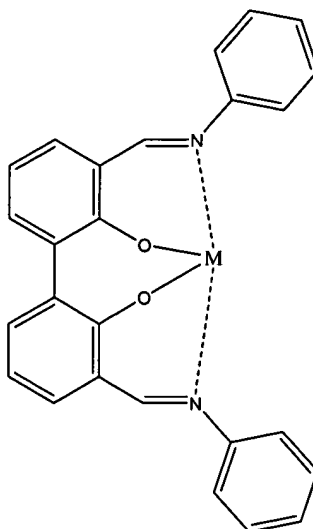

Liu et al:

Bell et al:

Fujita et al :

The prior art structures above do not explicitly disclose the use of two metal centers as claimed in the instant application, but teach away from having the two metal centers. While the prior art structure of Fujita et al. does disclose the backbone structure of the claimed invention, there is insufficient disclosure that it would have been obvious to bond a chiral amino acid to the nitrogen groups of the ligand and the combination of these references would not necessarily have taught the proper sequence of steps to adequately provide for the chiral ligand used by applicant with the vanadium compound produce the Schiff base claimed by applicant. As such the process to prepare a chiral catalyst and the subsequent method of use for oxidative coupling of naphthols would not have been obvious or inherent.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jennine M. Brown whose telephone number is (571) 272-1364. The examiner can normally be reached on M-R 9:30 AM - 7:30 PM; Fridays off.
